

Interested in paying \$0.00 for your electric bill?

You can reduce your electricity bill with Citizenre by referring customers!
Your account will be credited *5% of every customer's bill* that you referred.

For example, you refer your neighbor John, and his electric bill is \$300 per month.
Your electric bill from Citizenre will be credited \$15!

Customer Referred by You	Their Monthly Bill	5% of Their Bill Credited to Your Account
Jill	\$400.00	\$20.00
John	\$300.00	\$15.00
James	\$250.00	\$12.50
Jerry	\$175.00	\$8.75
Janet	\$150.00	\$7.50
Credited to your account each month:		\$63.75

* Subject : I just registered for solar power on my home. I think you should check this out.

* Your Comments : I just registered to have solar power put on my home by a company called The Citizenre Corporation. They are an energy company that is dedicated to modernizing our energy infrastructure and increasing our energy supplies. I believe that this is a very important goal - for a number of reasons. The first, and strongest, is that I believe we are too dependent upon foreign oil. I would like to be free of rising costs in oil and natural gas; not to mention, I would rather see my hard earned money stay right here in the U.S. The second reason is that I believe the pollution created from burning fossil fuels is having a damaging effect on our environment, and is the reason behind the increase in unstable weather. There are more reasons to name, but I would rather you just visit their web site below to find out more information about the Company, the reasons, and the chance to do what I did.
